10/1060 A87, KTC Nagar, pavoorchatram, Tenkasi, Tamil Nadu, 627808, India

Results-oriented MERN Stack Developer with a strong foundation in building dynamic and responsive web applications. Proficient in MongoDB, Express.js, React, and Node.js, with a passion for creating scalable and user-friendly solutions.

Work Experience

Associate Engineer

Aug 2024 - Feb 2025

[Meyi Cloud Solutions](#) | Pondicherry

Backend Developer with 6 months of hands-on experience at MeyiCloud Solutions, building and optimizing server-side applications. Eager to leverage strong coding and problem-solving skills in a dynamic team environment.

Projects

Plant365

Present

Plant365 is a cloud-based application designed to enhance plant management and monitoring using AWS services and Python. The project aims to provide users with tools to efficiently manage plant data, monitor growth conditions, and optimize care routines.

PassWord Reset Flow

Present

Developed a secure password reset flow using the MERN Stack. Implemented token-based authentication, email integration, and secure password updates, ensuring robust user data protection.
